**Three great board games in one computer.
The Jet Set plays a strong game of chess,
draughts (checkers), and Reversi (Othello),
and uses a large LCD 8 x 8 display to show
the position on the board. All three games have
playing levels ranging from beginner to expert.**

- Large LCD display shows the board and special features
- 16 playing levels
- Chess program has more than 200 opening moves in its book
- Draughts program can win with 3 kings v 2, and with 2 kings v 1
- Othello program plays perfectly in the endgame
- Takeback and step forward features
- Low power mode stores the position for up to 11 years
- Battery life at least 400 hours.
- Comes with free battery and leatherette pouch
- Battery life at least 400 hours
- Instruction manual teaches chess, draughts and Reversi
- 32 KB ROM
- 2 KB RAM
- 6303 microprocessor, 2 MHz
