

# FIDELITY'S *Desk Companion*

*The Computer in a desk pad with built-in display, calculator, telephone dialer, typewriter keyboard, and a myriad of pre-programmed software. Optional impact printer and tape cassette also available.*

## **FEATURES:**

- **PROGRAMMABLE COMPUTER:** For the executive with his own software needs. The computer will allow programming in Basic or accept preprogrammed micro-cassettes. It has channels open for modems, disc drives, and CRT monitor.
- **COMPUTER TERMINAL:** Can act as a terminal to a main frame computer.
- **TELEPHONE DIRECTORY:** Stores up to 200 names, addresses, and telephone numbers that can be called up instantly.
- **AUTOMATIC PHONE DIALER:** After selecting from your "Telephone Directory" push a button to automatically dial your telephone.
- **ELECTRONIC APPOINTMENT BOOK:** Enter a future appointment name, date and time. One hour before it is due, a soft alarm will sound and the information will be displayed – it will reappear when the appointment is due.
- **CALENDRIAL CLOCK:** When Desk Companion display is not in use, the time, day of week and date will be displayed. Push a button and it will time your long distance phone calls. For professionals, it will record the time spent with a client. It can be a stopwatch and will display calendar month.
- **WORLD CHRONOMETER:** Push a button and see a display of the world. Select the time zone desired and the time and zone will be displayed.
- **NOTEWRIITER:** Record your memo messages in memory and display or print on command.
- **CALCULATOR:** Printing calculator with full memory. Recalls last three entries on screen.
- **OPTIONAL PRINTER:** The impact printer module inserts inside the Desk Companion and is to be used with the calculator, the notewriter, and can reproduce anything on the LCD display providing a permanent record with 24 characters per line at an operating speed of 30 characters per second.
- **OPTIONAL TRICORDER:** The micro-cassette Tricorder module also inserts inside the Desk Companion and stores software programs digitally. In addition, the Tricorder has audio capabilities and can record private meetings. It can also act as a portable dictating machine since the Tricorder is removable and can be carried with you away from the office.
- **OPTIONAL MESSAGE COMMUNICATOR:** Send or receive messages on your display to or from your secretary's optional display unit, silently or with beep tone via various signals. No wires necessary. Excellent for use by professionals to discreetly communicate with secretary while conferring with a client.

NB: Heel bijzonder is deze bureau onderlegger met uitgebreide functies! Het zat ergens tussen mijn brochures van Fidelity uit 1982. De verschijningsdatum is dus waarschijnlijk uit dat jaar.
