

09-1980 [E-3901] Fidelity - **Challenger Printer**

Model: FP. Een zeer zeldzame thermische printer met walnoten omranding. Deze was destijds behoorlijk prijzig (\$ 195,00). De introductie was ten tijde van de verschijning van de Voice Sensory Chess Challenger. Eens kijken wat ik terug kan vinden in mijn documenten ...

Model FP: Fidelity (Challenger) Printer

The Fidelity Challenger Printer is the ideal companion to Fidelity's Prestige, Elite A/S, Champion, and Super "9" Challenger' series. For the serious expert or enthusiastic beginner, the Fidelity Printer provides added dimension to the game of chess.

Now you can have a continuous printed record of every move in large, easy-to-read type. You can visually analyze moves, detect strategies, graphically record piece positions on the entire board and maintain a permanent record of each game.

Here are some outstanding features of the Fidelity Challenger Printer

- Records and numbers each move, with white's move and black's move on one single line.
- Displays current piece positions on entire board by printing a graphic display of white and black pieces in their actual locations.
- Indicates book opening moves.
- Prints ready message after turn-on to indicate printer is working properly.
- Paper advance push button.
- ON/OFF switch with power on indicator.
- Uses standard 2½ inch thermal paper or commercial available equivalent.
- Attractive solid walnut base and plastic case match styling of the Voice Sensory Chess Challenger. Equipped with wall-mount transformer.
- Plugs easily into back of Voice Sensory Chess Challenger.
- Printer operation is entirely automatic - completely controlled by computer in the Voice Sensory Chess Challenger.

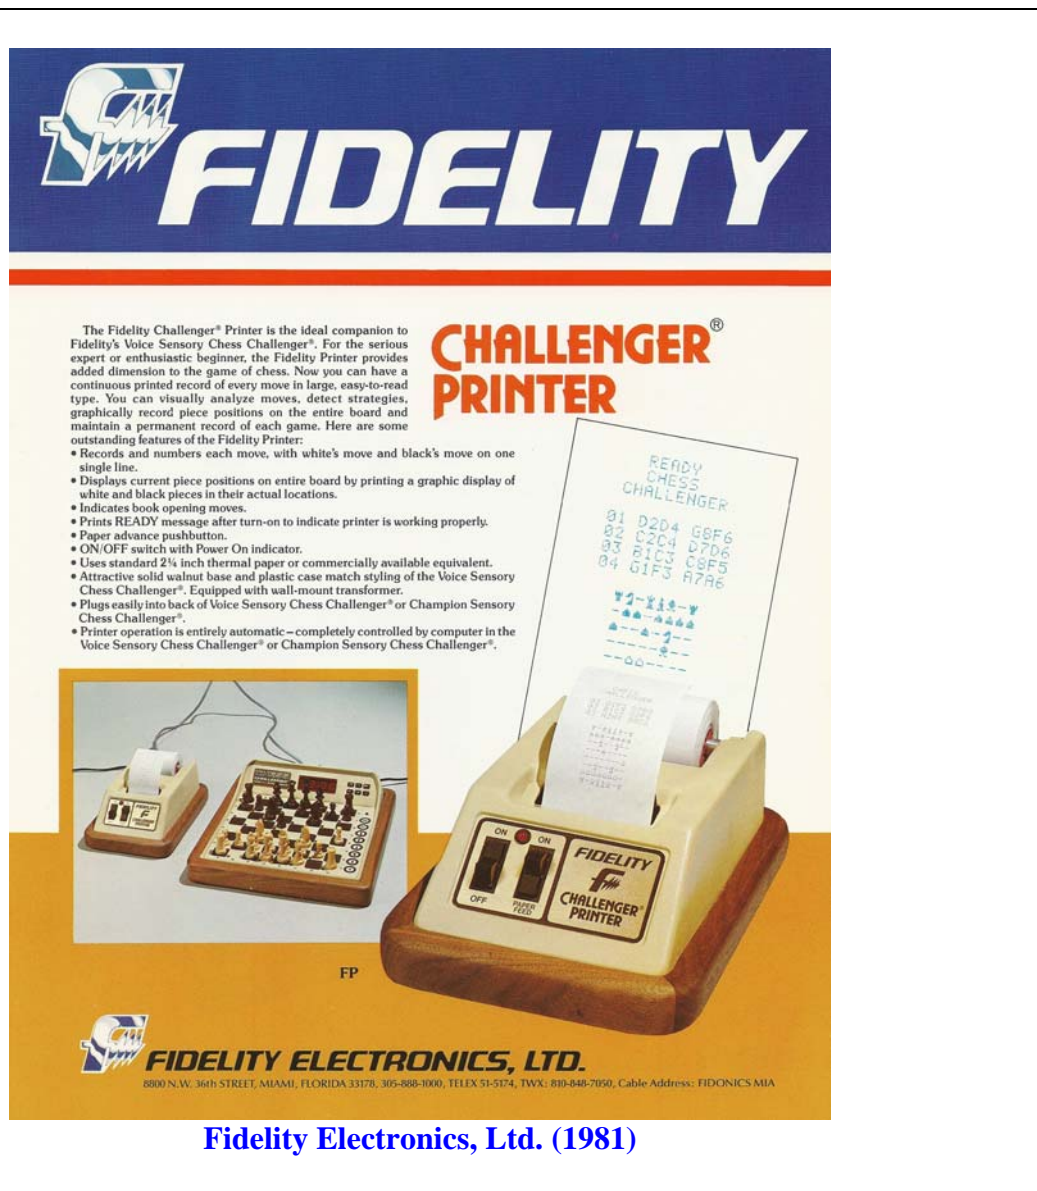

Printer operation is entirely automatic, plugs into back of game, and is completely controlled by the Challenger series models mentioned above. Size (approx): 9 x 6 x 3 inches.

Baujahr / Release

- Erste Einführung: September (?) 1980

The advertisement features the Fidelity logo at the top, followed by a detailed description of the Challenger Printer. The printer is shown in a close-up view, printing a chess move record on a roll of paper. The printed text includes the words 'READY', 'CHESS', and 'CHALLENGER', followed by a list of moves: '01 D2D4 G8F6', '02 C2C4 D7D6', '03 B1C3 G8F5', and '04 G1F3 A7A6'. Below the printer, there is a small inset image showing the printer connected to a chessboard. The printer has a control panel with 'ON/OFF' and 'PUSH' buttons, and a 'FIDELITY CHALLENGER PRINTER' label. The bottom of the advertisement includes the Fidelity Electronics, Ltd. logo and contact information.
